Notice

Selection of Supervisor of the students (6th semester) for the courses ME 4700/4800 and IPE 4700/4800

The following criteria have been set for the selection of the thesis supervisor for ME 4700/4800 and IPE 4700/4800. Total 178 students will be offered for selection for thesis and project and they are categorized into following categories:

- a) **Tier 1:** The first 40 students of the ME program and the first 20 students of the IPE program according to their respective merit/rank lists.
- b) **Tier 2:** The next 40 students of the ME program and the next 20 students of the IPE program according to their respective merit/rank lists.
- c) **Tier 3:** All remaining students of the ME and IPE programs after the allocation of Tier 1 and Tier 2.
- d) **B.Sc. TE:** All students from the list provided by the TVE Department.

Supervision Guidelines

1. Each supervision group shall consist of a minimum of 2 and a maximum of 3 students.
2. Faculty members may select students from both ME and IPE within the same supervision group
3. Students must not contact or confirm multiple supervisors at the same time. Doing so creates confusion and chaos in the department and may cause inconvenience to both students and faculty members. If any student is found engaging in such practice, necessary action will be taken by the department.

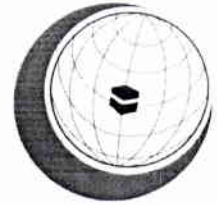

Supervisor Allocation According to Tier Distribution
